WHAT YOU'LL LEARN

IN THE GAME OF LIFE, VICTORY IS YOURS FOR THE TAKING

VOCATIONAL VIDEO GAMES QA COURSE:

- Full and detailed Video Games Industry standard QA course
- Learn how to test games professionally
- Comprehensive multimedia materials
- Learn the latest industry tools
- Understand and use the language of professional game development
- Learn the different types of games QA and the jobs available
- Work on real games for real experience
- Vocational coursework that employers trust
- Build your portfolio and games industry CV
- Group tuition and mentorship
- Recorded lessons and downloadable materials to watch and use time and time again
- Guest industry speakers and tutors (experts and legends from the games industry)
- Access to our members-only team of industry experts
- Access to our global community and connections

A future-proofed career is more than a job. It's an opportunity to stand up and be your best self. It doesn't matter what grades you got, what you look like, what your name is or where you used to work. In games, we only care about what you can do. Covid has hurt a lot of industries and a lot of people, but the games industry has only grown faster during these strange times. Even automation isn't getting rid of us. Computers can't turn themselves into toys, but you can! And you know what? It's fun.

THE JOURNEY BEGINS

Take the first steps in changing your life. Put the right weapons and pic-k-ups in your inventory, gear up and head out to take on the quest. Choose this vocational training now to get the qualifications and skills you need to be a games tester, and give yourself a head start in professional game development.

- In depth vocational training course
- Test real games with real industry tools
- Learn the vocabulary you'll need for the industry
- Support with your personal games CV

READY TO FACE THE FINAL BOSS

Level up your character, loot the best treasure and end-game weapons, ready to take on the boss on your road to mastery. QA is a job with a pathway right to the top, and ourcareer mentoring will equip you to move up if you so choose. Become a senior tester and prepare yourself for management. Stand victorious as a Warrior in the professional games industry.
